### WE SERVICE THE TRI-STATE REGION

ND & SD farmers call **Casey Gajeski at 218-791-8093**

MN farmers call **Nic Thompson at 218-201-1737**

They are more than happy to answer any questions you may have about BinManager!

### Customer Testimonials-

*"I know exactly what's going on inside my bin."*

*"You guys have saved me so much money."*

*"This is like autosteer for grain bins."*

*"I don't have to guess anymore."*

*"I need this in everyone of my bins."*

*"This has solved so many of my problems."*

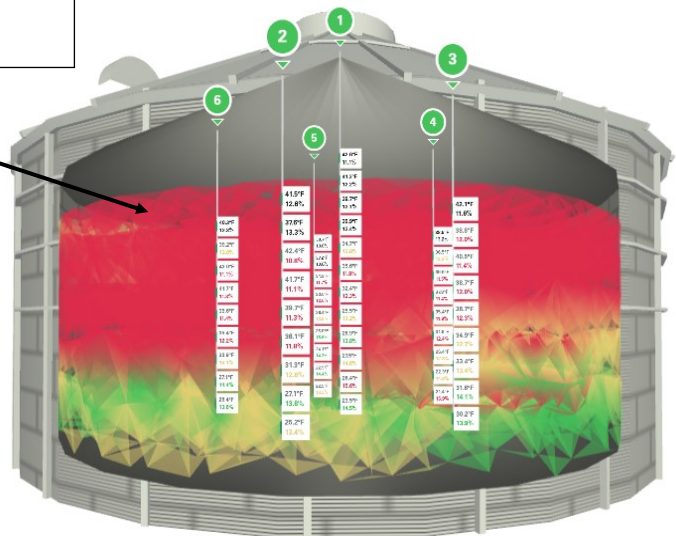

*"I have so much peace of mind now."*

### "Seeing" inside your grain bin!

Each cable has a temperature and moisture sensor every 2 feet and the larger the diameter bin the more cables you can have.

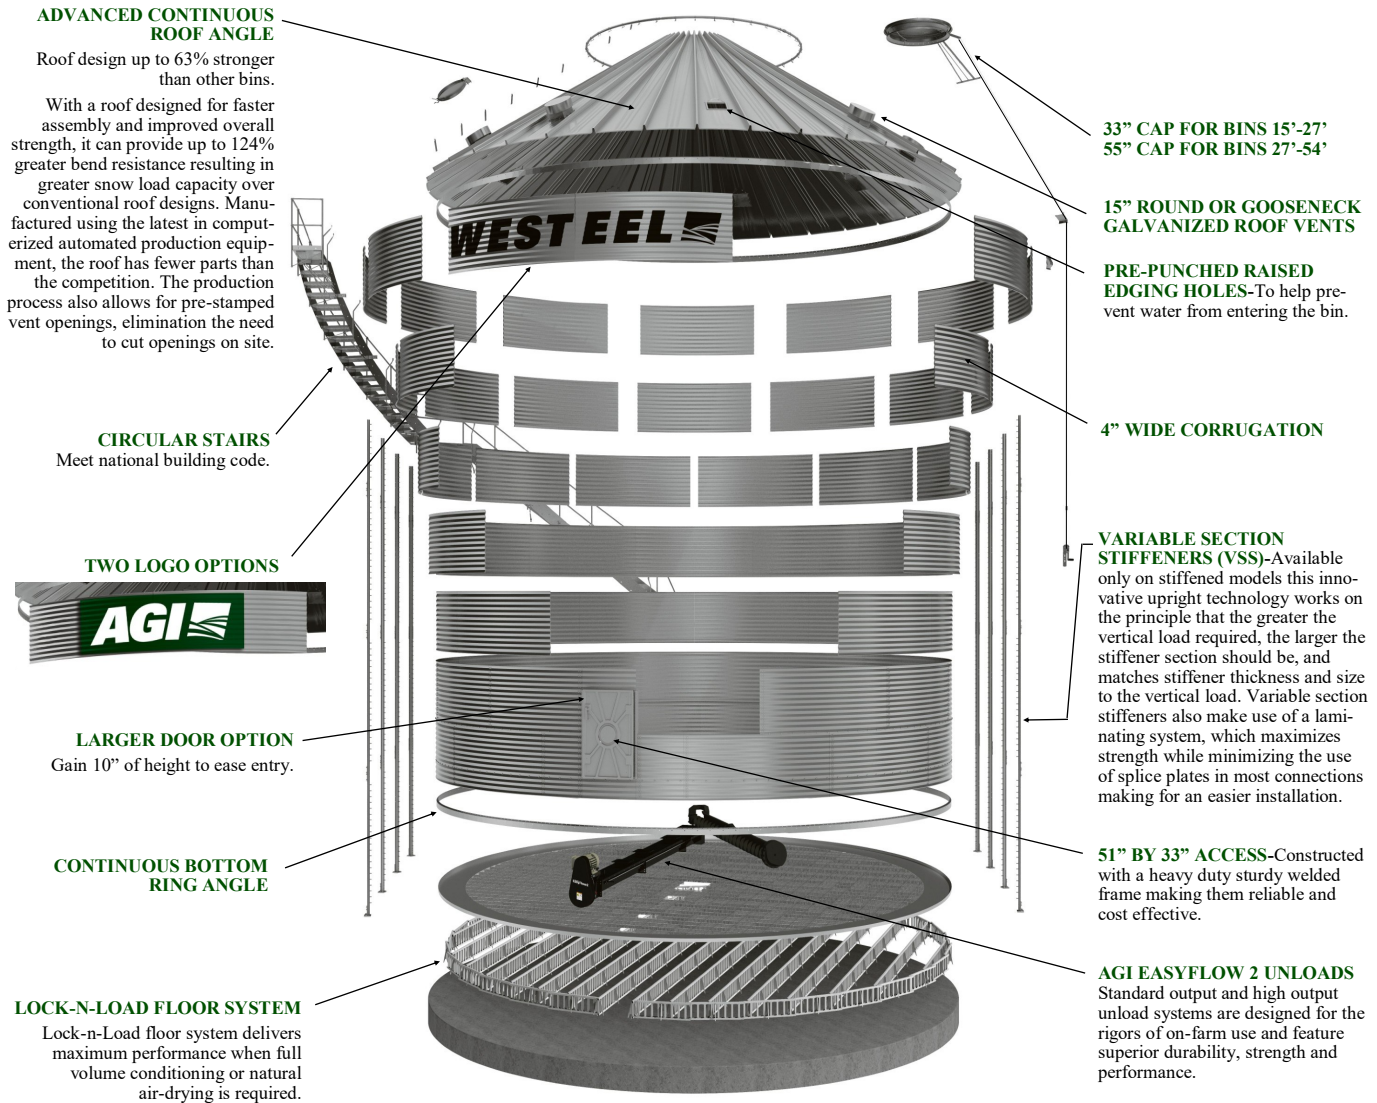

The BinManager will automatically run the fans and heaters based on your desired settings and outside conditions.

The BinMonitor will only give you visibility into your bin. Fans and heaters can only run manually.

**Model# MSI75-125**  
( Heater and Mixer Only )

**Features**

- Mounts on the upstream side of any configuration of fans without separating the fan from the ducting.
- Heater and mixer can be carried by one person.
- Install in minutes using the load binder mounting system.
- 75,000 to 125,000 BTU variable heater.
- Comes with 10' hose and regulator.
- Uses Propane Vapor only.
- Optimum temperature rise is 5° to 40° F above the outside air temperature depending on the time of year and fan size ( 1 1/2 hp minimum to 15 hp maximum ) used.
- 1 year limited warranty.

**Never climb your bins again!**

**LevALERT Bin Level Indicator**

When your bin material reaches the LevALERT™ indicator, it pushes against the rubber activator, turning the color tube from black to a bright yellow color. When material recedes, it automatically darkens again - ready for the next fill.

Shipping weight 4 lbs.....**Part# LEV-760.....\$159**

**REMOTE BIN LIDS**

Easy to open spring loaded closure.

**NOTE:**

One **Part# CK40** is required for each L20 - L25 Lid.

**BNF27** - Convert Small Center Hole to larger 27" opening.

# Grain Saver Powersweep Parts

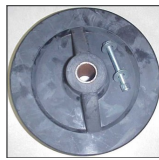

## Bin Sweeps (electric)

Bin Sweeps include the formed steel backboard, drive wheel, easy off motor mount, driven sheaves, belts and belt guard. Use smallest diameter motor sheave that can be installed on the drive motor, this allows for slower sweep auger rotation.

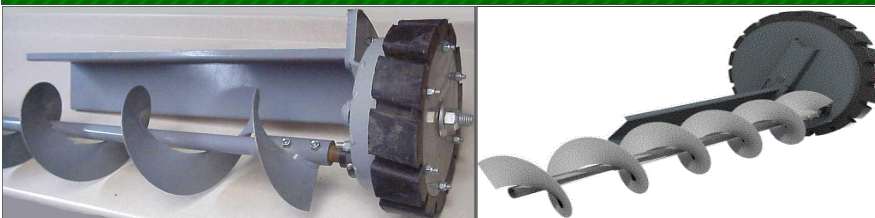

| Dia.  | 5" for 6" tubes |     |         |     | 5" for 8" tubes |     |         |     | 7" for 10" tubes |     |         |     |

**Your Full-Service Supplier  
for  
Grain Bins,  
Farm Supplies and  
Storage Related Products**

**Hello Valued Customer,**

Entering into 2026, we are committed to doing our part to help you have a productive and successful year. We were able to secure better programs with some suppliers and are passing along those savings to you!

Therefore, pricing on most all catalog items have reduced by 5% from last year.

Also, the Canadian tariffs are still ongoing and we have decided to keep absorbing those additional costs, so pricing on those products stayed the same from last year.

As always, we desire to provide quality products and service at competitive prices!

Sincerely,

Travis Anderson

and

Reece Setterholm

**We are adding to our team,**

**If you live in the tri-state region (MN, ND and SD) and want to have  
a career in Sales or Customer Service, then please  
call us! Working from your home and  
part-time positions are
